

Welcome to the first Virtual Meeting of AFM

Good Morning Happy Thursday! March 26th 2020

Please Mute your Microphone and Turn off Camera for now. Thanks meeting will begin shortly

Agenda

- Greetings
- Grades and Information
- Future Meetings
- Groups

IF you are comfortable with it you can “unmute” you camera and give everyone a wave!

Grades

- No new assignments at this time can be graded
- I am opening up all previously assigned delta math to be due before the start of spring break (4/6)
- Quizzes and tests are in the processes of being graded

Making up Missed assignments

- Most of our assignments were on Delta Math
- Quizzes or test
- You can complete the quiz/test with your parent or guardian's supervision.
- We'll have to arrange a time individually, for you to take and I'll designate how long you'll have to finish the assessment.

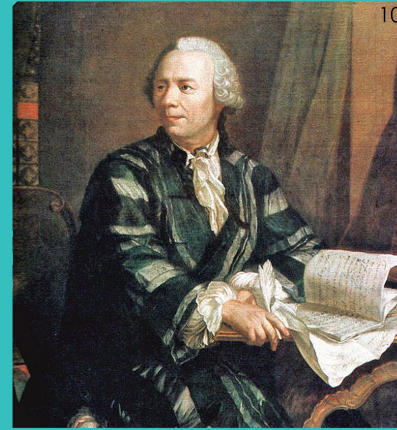

Q3 Recovery

- If by completing all the assignments you still aren't quite making it to passing then we'll have a recovery option for you
- Still working on the details with PLT

Meetings

I would love to meet with everyone one on one but that isn't feasible with all the students I have so I have 2 documents for you to view and fill out.

Leonard Euler 1707–1783
Mathematical notation, advanced calculus,
numerical analysis, topology

[Click Euler to go to emails page for groups.](#)

[Click Gauss to go to Q&A Page](#)

Groups

In order to be more interactive and personal I will arrange you into groups of 8 to 12, depending on the class size. I will invite your group to a 15 to 20 minute meeting next week, April 1st, 2nd and 3rd.

At this meeting you will select 3 members to help lead your group and to check in on each other during this time.

Leader: Will meet with Mr. Lawhon directly, bring questions that the group couldn't answer.

2nd: Meets with Mr. Lawhon with team leader. Supports the group leader, following up with times for meeting and practice.

3rd: Back up to leader, if they can't make meeting time. Supports 2nd and others within the team.

Requests

If you would like to request people to work with in your group, I will take it under consideration. Let me know by 8AM Friday 3/27/2020.

Once I have arranged your groups

I will invite the entire group of 8 to 12 specifically to another meeting where we can complete leadership appointments and discuss future dates.

These meetings will take place prior to Spring Break, 4/1, 4/2 and 4/3.

I am still here

I am still here for you and I want to help.

Protocol :

Go to your team leadership first.

Still have an issue and team leadership has no answer from me. You can email me directly jlawhon@wcpss.net and I will respond with what I can.

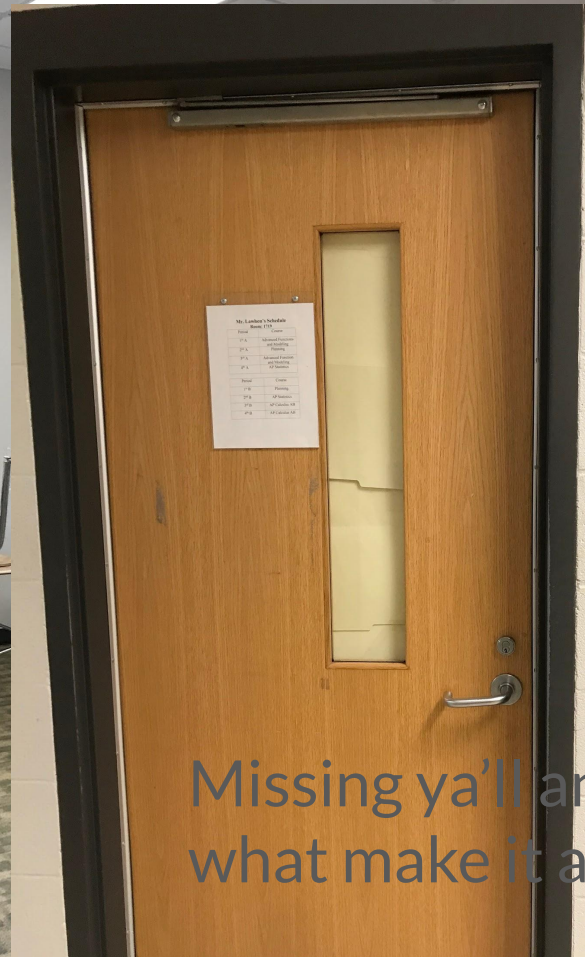

Like I mentioned earlier I cannot meet with every single one of you. I wish I could but it is unrealistic. I think this gives you the opportunity to learn with others as well as myself.

Exams

- It has been communicated to me that it is anticipated that no EOC's or NCFE's are going to happen this year
- Expect no final exam to be given

Quote of the week: "I think therefore I am."

1719

Missing ya'll an empty classroom is just a room, ya'll are what make it a class.
